Voter Guide For California

November 5th, 2024

Propositions

There's a lot of issues in front of California voters this year and as usual, they're filled with deceptive language designed to trick the voter. DON'T FALL FOR IT! Use this guide to help you break down the issues and learn what each ballot proposition REALLY does this year.

There are two very significant Propositions. **Proposition 5 and 36.**

PROPOSITION 2: Authorizes Bonds for Public School and Community College Facilities. Legislative Statute.

Vote NO

This would allow California to borrow another 10 Billion Dollars on top of record debt. California is broke now and who is expected to pay for this but you. This does not say exactly how the money would be used, so it would be misappropriated most likely for more staff, DEI and Climate Lunacy. The problem in the education system is that the state is mandating education that people do not want and further the state is reducing the money to education so they can pay for unlawful migrants hotel rooms and medical.

PROPOSITION 3: Constitutional Right to Marriage. Legislative Constitutional Amendment.

Vote NO

Gay Marriage is already law allowed by the state and by the Supreme Court. Why make it a Constitutional Amendment. Seems like a waste of time and money.

PROPOSITION 4: Authorizes Bonds for Safe Drinking Water, Wildfire Prevention, and Protecting Communities and Natural Lands from Climate Risks. Legislative Statute.

Vote NO

This would allow California to borrow another 10 billion dollars for mostly unspecified purposes. Since climate is mentioned, I would say most of the money will be spent on climate issues such as taking away your gas powered car, electric mandates and higher overall energy cost.

PROPOSITION 5: Allows Local Bonds for Affordable Housing and Public Infrastructure with 55% Voter Approval. Legislative Constitutional Amendment.

Vote NO, Vote NO, Vote NO, Vote NO!!!!!!!!!!!!!!!!!!!!!!

(This would DESTROY Proposition 13 property tax protections.)

This is a indirect attack on Proposition 13. This also lowers from the 2/3 vote to 55% to pass future tax increases. This is the worst one of all! Your property tax rate could go up as high as Sacramento wants.

PROPOSITION 6: Eliminates Constitutional Provision Allowing Involuntary Servitude for Incarcerated Persons. Legislative Constitutional Amendment.

Vote NO

This proposition is ridiculous. Involuntary Servitude is allowed in the event of a conviction. It is in the US Constitution which this proposition cannot change. It also would give pay raises to prisoners. Kamala Harris wants to use taxpayer money to pay for sex change surgery for any prisoner. What's next? Well, lets make the Hilton Hotels the official prison of California. Equally as ridiculous.

PROPOSITION 32: Raises Minimum Wage. Initiative Statute.

Vote NO

Another minimum raise increase. Enough businesses did not close from the big increase two years ago? This is insane during massive inflation. It will result in more job loss and business closures.

PROPOSITION 33: Expands Local Governments' Authority to Enact Rent Control on Residential Property. Initiative Statute.

Vote NO

This is nothing more than RENT CONTROL! This does not work. It has never worked. This is what you see in communist countries. The two most expensive areas in the state are San Francisco and Los Angeles who have aggressive rent controls for years. California makes it undesirable, difficult and not very profitable for home builders here. This would make it even worse. California has to burn several tons of regulation upon regulations which make it hard to build. Not to mention property owners rights. Rent control could cause small landlords to lose money.

PROPOSITION 34: Campaign Finance Reform – Preventing Use of Taxpayer Money in Politics.

Vote YES

Some non-profits have received hundreds of millions in taxpayer dollars for their claimed causes. Then turn around and use those funds to advance political ideology not connected to the claimed objective. This is a common scheme used for many years. More needs to be done as a large percentage of the money for elections has become increasingly dark and shady.

PROPOSITION 35: Provides Permanent Funding for Medi-Cal Health Care Services. Initiative Statute.

Vote NO

This will make a tax that is about to expire permanent. I believe this not a good idea. On the face this looks like a good thing. But if this does not pass the California Legislature will most likely renew the tax anyway. The problem with MediCal is Governor Newsom. He put all people **not here legally** here on MediCal. It will bankrupt MediCal. This burden will always come back to you. This will limit our options in the future as to controlling Sacramento.

PROPOSITION 36: Allows Felony Charges and Increases Sentences for Certain Drug and Theft Crimes. Initiative Statute.

Vote YES, Vote YES, Vote Yes

This would reverse Prop 47 which caused much of the crime in the state. Criminals will again go to jail for theft, assault and more. Jail times increase and theft will be prosecuted again. Another very compelling reason to vote YES is that Governor Newsom is having a cow about it. He claims this will put us back in the dark ages of incarceration. He also says this an unfunded mandate. This will cost a lot of money to put people in jail. This is a laugh. This is his primary job to keep people safe.

President of the United States

Donald Trump

US SENATE

California has an open US Senate seat for the first time in forever. Lying Adam Schiff is running to take it. If he gets in he will probably be there until he dies. Steve Garvey will a breath of fresh air. Trump will not be able to get things done as well if the Senate is under democrat control. Garvey is actually close in the polls.

Steve Garvey

I have included the representative picks from
The Howard Jarvis Taxpayers Association PAC for the rest of the races. www.hjta.org

The Howard Jarvis Taxpayers Association PAC
has endorsed these candidates
for the November 2024, Statewide General Election:

Without defending the republican party, voting for republicans is a better choice than democrat or not voting. Not voting is a half of a vote for a democrat. The democrats are off of the rails about socialism (Marxism) and wanting to destroy the US Constitution with insane border policies etc.
